New Business:

Tino talked about the Schools Budget. Funds are very limited and teachers/classes are going to be cut.

Big issue with the 2nd grade Strings program.

NMMB has paid many salaries in the past. We want to continue to support the programs.

Things to do to support/gain members in strings, band, choir:

- Keep classes separate...strings, band, choir.

- Need better scheduling-counselors need to promote the music arts.

- Start your children in music at a young age.

- Have a Marching band and PEP Band

We need Caps/Limitations to how much the NMMB can support.

We are here to support and help fund our NM Music Programs.

Motion to approve was done by Glen B. and Julie seconds it.
